New Mexico Teen Dating Violence (TDV) Logic Model

Spectrum of Prevention Level	Modifiable Risk Factors/Barriers	Prevention Activities	Outcomes/ Indicators	Resources/Inputs
Strengthening Individual & Community Knowledge & Skills Nationally, 1 in 4 youth report TDV TDV is correlated with homicide, youth suicide, teen pregnancy, & substance abuse	Increase healthy teen relationships & decrease incidence of TDV through:			<ul style="list-style-type: none"> ● Youth Peer Educators & Youth Coalitions ● Child/Witnesses & Survivors of IPV ● NM Department of Health, Public Education & Children, Youth & Families Departments ● NM Office of the Attorney General Violence Against Women Resource Prosecution Unit ● Universities & Colleges ● School Resource Officers, Juvenile Probation Officers & Law Enforcement ● Orders for Protection ● School Curricula, Protocol & Safety Plan Templates ● School-Based Health Centers (SBHCs), Public Health Offices, Primary Care Providers & Pediatricians ● DV/SA Service Providers ● Culturally-Specific Organizations & Service Providers (Enlace Comunitario, Coalition to Stop Violence Against Native Women, Asian Family Services, & Office of African American Affairs.) ● Community, state, tribal partners & stakeholders ● NM Domestic Violence, Sexual Assault Prevention, Suicide Prevention, & Teen Pregnancy Coalitions ● State Substance Abuse Prevention Planning Group ● Intimate Partner Death Review Panel Dating Violence System Analysis Subcommittee ● Coordinated Community Response Teams ● Intimate Partner Violence Death Review Panel ● New Mexico VAWA Coordinator ● Media ● NM Youth Risk & Resiliency & Violent Death Review Data & Epidemiology ● Online & Community-Based Training & Technical Assistance ● Prevention planning tools ● RED FLAGS Universal Screen Tool
	Social messages promoting TDV	Developing & implement social message campaign on healthy dating	Key healthy teen relationship messages developed by youth focus groups	
		Promoting responsible media response to TDV	Model media response protocol disseminated & implemented	
	Limited knowledge of signs, risk factors & health outcomes of TDV	Implementing online & community-based TDV training	Increased knowledge of signs, risk-factors & health outcomes measured through pre- & post-tests	
		Promoting multi-systemic, statewide, youth led TDV Awareness Month activities	TDV Month recognized annually & events promoted statewide	
		Increasing universal awareness in middle/high schools statewide	Youth-developed & led TDV awareness implemented annually	
	Lack of youth engagement in TDV prevention	Training & supporting youth peer educators on TDV & healthy relationships	Cadre of youth peer educators trained & mobilized	
	Lack of early identification & intervention	Screening every student TDV in SBHCs	RED FLAGS used in SBHCs for every student	
Implementing EBP or promising TDV prevention programs		SAFE DATES implemented in schools & communities		
Educating Providers & Service Systems	Increase capacity to respond to TDV & coordination among youth & adult services & systems through:			
	Youth-serving organizations, domestic violence & sexual assault agencies' efficacy to prevent & intervene in incidents of TDV is developing	Administering discipline-specific TDV training & technical assistance to adult domestic violence & sexual assault programs & youth serving organizations & systems	Increased TDV awareness among adult domestic violence & sexual assault programs & youth serving organizations & systems measured through pre- & post-tests	
Strengthening Coalitions & Networks	Increased Engagement with Youth & Youth-Serving Entities through:			
	Existing coalitions, networks, & coordinated community response (CCR) teams may not engage youth or youth-centered services	Conducting Community Assets Map of youth-serving resources	Resource/Assets Map completed & disseminated	
		Promoting expansion of coalition/ CCR team membership to include youth-serving organizations	Recruitment & active involvement of youth-serving organizations in coalitions/CCR teams	
Implementing teen-centered coordinated community response (TEEN CCR) teams		TEEN CCR model trainings, technical assistance, implementation & evaluation completed		
Changing Organizational Policies & Practices	Barriers to safety & lack of systemic response to TDV in schools	Implementing model school policies, protocol & safety plans addressing TDV, sexual assault & stalking	Model TDV school policies, protocol & safety plans in middle & high schools statewide & in tribal communities	
Influencing Policy & Legislation	TDV reduced by data-driven systems transformation through:			
	Lack of methods for reporting & analyzing TDV resulting in death to advise state, tribal & organizational policies & prevention strategies	Implementing & evaluating Dating Violence System Analysis Subcommittee	Annual youth & system report on policy & legislative recommendations completed, disseminated Impact monitored for implementation
