

# Partnering Providers

## DSV and WIC

**Objectives**  
 How will this partnership be implemented?  
 How are we going to measure success?  
 How will we ensure that both DSV and WIC staff are supported?  
 How will we ensure that both DSV and WIC staff are supported?

### Out-stationed Advocacy Model

- Advocate on-site in clinic one day per week
- Advocate accompanies WIC staff to pop-up clinics in frontier counties once a month
- Advocate is on-call weekdays to respond to disclosures in clinic and provide technical assistance to clinic staff

# Partnering Providers

## DSV and WIC

**Objectives**  
 How will the partnership be implemented?  
 How are partnerships between DSV agencies and WIC staff being developed to ensure the most effective services to IPV survivors?  
 How are community-based organizations providing technical assistance to WIC staff?  
 How will the partnership be evaluated?  
 How will the partnership be sustained?

### Out-stationed Advocacy Model

### What it's like...

# Objectives

Through this presentation you will understand:

How partnership between DSV agencies and WIC can facilitate access to healthcare services for survivors of IPV who are parenting young children.

Promising practices in partnership between WIC and DSV agencies.

How reflective policy change can enhance access to DSV and healthcare services for survivors of IPV.

The logo for HAVEN features the word "HAVEN" in a large, purple, serif font. A light blue, stylized graphic element, resembling a heart or a protective shield, is overlaid on the letters "H" and "A". Below the word "HAVEN" is the text "Serving Victims of Domestic Violence & Sexual Assault" in a black, serif font.
